

# DEXTROSE ANHYDROUS

Dextrose Anhydrous is a white crystalline powder, odorless and sweet to taste. This purest form of dextrose has a natural low water content as compared to dextrose monohydrate. Dextrose anhydrous provides key excipient and nutrient benefits as a carbohydrate source and as a filler for oral dosage forms.

HL Agro is a premier supplier of dextrose anhydrous in India. Our DAH powder comply with defined industry standards & is extensively used in pharmaceutical & food processing industries.
